As I walked around the school on Tuesday I was aware of ‘space’ - it appeared that there were fewer children in the yard; certainly not as many as the day before. When I investigated further I found about 30 students in the library enthusiastically involved in Computer Club; a similar number were in the hall participating in the Fun Fitness Club. There were children climbing ropes; skipping; doing sit-ups and burpees and all with big smiles on their faces! Over in the Learning Centre I saw Glee Club in operation where students were participating in drama activities designed to build their acting skills and their confidence. While there I also happened upon Music Jam which invited children from Prep-2 to ‘jump, clap and chant’ whilst learning about different instruments.

Every day at EPS there is something extra for the children - some activities require a little bit of energy and others are more serene, such as Relaxation, Library or Legotronix. All of these groups are run by our teachers and are an important part of what we offer to our students so that they have the best possible learning experience at Edithvale.

This month we begin our 2014 Prep Transition Program. We have almost concluded our enrolment process and the next step is the presentation of our first Information Evening for the parents of next year’s Prep students. The focus of this meeting will be on providing background information about our school and then looking at the transition program in more detail so that parents have a clear understanding of what we are trying to achieve over the next few months. Students will then begin a series of 5 visits to EPS where they will experience school in ‘small doses’. We welcome all our new preps and their families to our school as they begin their learning journey with us.

I would like to express our thanks to all students who arrive at school ready for the start of the school day at 8:55 am. We have found that the 5 minutes extra each day provides staff with the framework to welcome, settle and organise our students so that their learning can commence promptly at 9:00 am.

Absence from school or lateness to class clearly affects the absent/late student, but also impacts on the teacher’s ability to plan and present class work in a sequential and organised way. This can affect the progress of all students in the class, not only those who are missing or late; and can complicate classroom management. Obviously this is something we would like to avoid.

If students are late to school can you please fill out a late pass from the office and see that this is something we would like to avoid.

Students who arrive at school ready for the start of the school day are crucially important for their learning opportunities are not-compromised.

Thank you for your assistance with this request.
FUN RUN
Mr James Whitla
Not long to go now!

On Thursday 22 August, as you will be aware, we will be conducting a whole school FUN RUN.

Students in Years Prep–2 will be asked to run, walk, skip or move in any way that they wish for 1 hour between 9:30 am and 10:30 am on the day. Students in Years 3–6 will run from 12:00 pm to 1:00 pm.

Hopefully students have been eagerly seeking sponsors with the dual aims of raising money for our school oval redevelopment AND being rewarded with individual incentive prizes.

We are looking to add some FUN elements to the running by including music being played as well as encouraging students to wear house colours or have ‘crazy hair.’ We are also trying to include some challenging obstacles that students may wish to try to get over, through or under, on their way around our running course.

We would love to see as many parents as possible at the FUN RUN either running with the students or helping on the day.

STOP PRESS!!!

EDITHVALE PHYSIOTHERAPY WILL SPONSOR ANY STUDENTS WHO GO IN AND ASK FOR SPONSORSHIP.

A BIG THANKYOU TO JACK DIX AT EDITHVALE PHYSIOTHERAPY.

FUN FITNESS CLUB

Every Tuesday in Term 3 we will be running a Fun Fitness Club in the Hall from 1:40 pm to 2:15 pm for students in Years 3–6. The sessions aim to develop the fitness of our students in a term that has a strong athletics focus.

This will be run by James Whitla in conjunction with two of our former students, from Patterson River Secondary College (Sean McIntyre and Rhys Graham). There will be a mixture of running, balancing, climbing, skipping and strength work that will be conducted in an enjoyable and supportive environment.

**MAKING A VEGETABLE GARDEN**

**By Year 1**

The Year 1 students, as part of their Science unit on changes to natural and man-made objects, are observing the growth of plants. They have planted vegetables in our school vegetable garden and will watch them over the next few weeks to observe the changes.

As part of our Literacy program the students are learning about procedural texts and have compiled a text for you to use if you wish to make a vegetable garden.

**What you need:**
- A weeded vegetable garden area with some new soil, seeds, water, compost, worms, fertiliser, gloves, shovel, rake, bees.

**Method:**
- Put on gloves
- Dig a hole
- Put seed in the hole
- Cover the hole with dirt
- Water it when finished and every few days if it hasn’t rained
- Wait and watch it grow
- Hopefully all the plants will grow and you will be able to eat them.
- We will put some pictures of our vegies in the Newsletter before we pick them and give to the canteen to go in our lunches.
PLANT A TREE DAY
Ms Jaime Rohan & Rhiannon and Tom S 4B.

Last week, our school took part in Planet Ark’s Plant a Tree Day.

We chose the area near the 4-square courts. First we cleared the area of any rubbish and got rid of all the weeds.

We planted lots of native plants such as Wallaby Grass, Sweet Wattle and Black Sheoke.

We loved the chance to use garden tools and work together to create a new garden area. It was so much fun working with students from Years 1 - 4 and we can’t wait to plant more!

HAVE YOU FILLED A BUCKET TODAY?
Ann McAllen

This term in Wellbeing the Preps are exploring the book “Have you filled a bucket today?”

The book and companion program focus on developing empathy in children. They give children in primary school simple strategies to show them how we can all look after one another and fill each other’s invisible buckets with positive thoughts and feelings.

Each student in Preps has their own small bucket in the classroom to fill with “warm fuzzies”. When they fill other students’ buckets by doing or saying something nice about them, they in turn fill their own bucket.

If you would like to find out more about the program or you are interested in trying it at home please visit the Bucket Filling website or come and ask. http://www.bucketfillers101.com/
