It is hard to believe that we are at the end of week 3 already! We were fortunate to have Dr. John Munro work with our staff and students last week on effective questioning techniques. Our staff are constantly seeking different ways to stimulate our students’ creativity and curiosity and John’s work has been integral in this process. One of our foci over the remainder of the year is to Frame Higher Order Questions to help students to think more deeply, critically and solve problems.

We aim to move beyond the usual (80%) recall questions that are asked of students into deeper and richer questions and I have enjoyed using some of the question stems listed below with my family and friends recently!!! The responses have been intriguing and I’d encourage you to experiment with these with your child and listen to their often, intuitive, creative and thoughtful answers.

- Is there a better solution to…?
- Judge the value of… What do you think about…?
- Do you think…is a good or bad thing?
- How would you have handled…?
- Do you believe…? How would you feel if…?
- How effective are…?
- What are the consequences…?

Higher order questions are those requiring complex application, analysis, evaluation or creation skills. Questions at higher levels of the taxonomy are usually most appropriate for:

- Encouraging students to think more deeply and critically
- Problem solving
- Encouraging discussions
- Stimulating students to seek information on their own

With the Olympics just around the corner we’ll be having an immersion day at school that our Creativity and Curiosity team has developed. After an opening ceremony our students will participate in a number of modified Olympic Sports and represent randomly selected countries.
ART NEWS
Ms Jenny Lang

All the grades have been very busy creating, making and painting artwork for our Art Show on Thursday 1 September. The theme is “Somewhere over the Rainbow” from the Wizard of Oz.

To raise money for a new kiln for the art room, we are also going to have a “Silent Auction” of artwork created by our very talented teachers. If YOU (parents and caregivers) would like to be part of our silent auction ... and donate a piece of art that you have painted or made please speak to the office staff or Ms Lang for more details. The art work needs to be finished by Friday 29 August.

Have you ever wanted to design and paint your own shoes? Come along to the Art Show on Thursday 1 September from 5-7 pm to give it a go. Bring along a shoe or shoes and have fun with glitter and paint. As this is a fundraiser, there will be a small donation sought for the opportunity to create something special.

We are going to have a fantastic lucky door prize too. There will be a yummy sausage sizzle run by our wonderful parents.

THE BOOK FAIR IS COMING.... THE BOOK FAIR IS COMING!

Yes Folks, it’s that time of year again. Our always bonza Book Fair will be bounding over from Monday 5 September to Thursday 8 September. This years theme is “Australia! Story Country”. So, hop on over to our library and grab yourselves a fair dinkum bargain!

In order for the Book Fair to run smoothly, we are asking for volunteers to help out. We need helpers for both the morning and afternoon sessions. You would be required to help out at the cashiers table & keep the shelves tidy. Keep an eye out for a separate notice coming home soon about helping at the book fair.

We look forward to seeing you all there!

CANTEEN
Mrs Diane Cameron

What a crazy two weeks have gone by with all sorts of weather being witnessed through the canteen window (for Play School devotees it’s the Rectangle Window). With some wet day timetable days, I thought the window sales would be quiet, alas ‘no’. There has been a great demand for toast at Recess and Icy Poles at Lunch time........WHAT THE!

The Canteen Cup is being followed by quite a number of classes. Many asking how many points they have received when dropping off their class crate or collecting the crate at lunch time. As at Monday 25/7, 1A and Foundation C are in front by one point. There has been a huge improvement in crates being delivered by 9.30am and the student’s manners, as well as compliments, are much better.

‘Celebrate Canteen’ week will be 8 to 12 August . Hopefully there will be some daily window sales specials.

As there is much on at the school this term, there will be no Special Lunch Day, but we will have a Sushi Day towards the end of Term 4.

A HUGE thankyou to Rachel for stepping in to help in the canteen last Friday. I am a very lucky Canteen Manager with a great support from parents at this school. Also thanks to Simone, Jackson, Ella and Sarisha for helping in the canteen at lunchtimes.

PUZZLE TIME!

Now this really does need some imaginative thinking - but it is possible!!
Can you join all nine dots with four straight lines, without taking your pencil off the paper?
You can not go over any line twice.

SOCIAL MEDIA- TIPS AND SUPPORTS FOR PARENTS

As we continue to monitor and update our school policies-including our Cyber Safety Policy- we believe that it is worthwhile sharing some of our current reading and advice on the pros and cons of using social media sites (some of which are pictured below)
All social networking sites have their own version of ‘default’ privacy and security settings. It is important that you know how the site works and how to change the settings to protect your personal information. The link included here, from the Australian Government’s esafety commissioner, https://esafety.gov.au/esafety-information/games-apps-and-social-networking gives you access to step-by-step instructions to control your settings for each social networking platform.

THE FRENCH JOURNAL
Madame Sylvie Snow et Sara

Let’s put a “French Touch” in Edithvale!

Wednesday 31 August 2016 will be our French Cultural Day at Edithvale Primary School. The French celebration will start with an Assembly/Parade in the morning at 9.05am (students/staff). Parents are welcome to watch the Parade!

A roster will be done during the day for the students to collect their French Crepe from our French Chef “Robert” (order forms will be send prior to the day). ‘Miaaaaaaaaaaaam’

We will run a competition throughout the whole school and the theme is - “Comedy, Drama & Mime”.
Students can be dressed as Comedians, Actors, Mimes with/or a touch of French (Colors bleu/ blue, blanc/white, rouge/red).
A panel will be selected to judge the most original outfit per class, as a reward the winners will receive a free crepe.

The categories are:
- The best Comedian, Actor, Mime outfit!
- The Best Staff members Comedian, Actor, Mime outfit!

We hope that everyone at Edithvale Primary School will embrace the spirit of the “French-je-ne-sais-quoi!” and dress up to the event!

PS: Please encourage your child to be dress up to make this French Day even more successful!

A Big ‘Bravo’ to the 13 finalists who have had the honor to be selected in the French Poetry Competition last Sunday 24 July at the Alliance Française of Melbourne in St Kilda!
The theme for National Asthma Week 2016 is Become a Better Breather. National Asthma Week coincides with the beginning of spring and as pollens are a known trigger for asthma, this is an excellent time to ensure your child’s asthma is well controlled. Sections of the Asthma Australia website that can help with asthma management include:

- Take the Asthma Control Test to see if you could make improvements to help your child become a better breather.
- Manage allergies often linked with asthma, including allergic rhinitis (hayfever).
- Did you know? 90% of people with asthma use their medications incorrectly.
- Check your child’s technique to see if they are getting full benefit from their medication.

Regular review of your child’s asthma with your GP and pharmacist will help them to become a better breather.

Need help with your child’s asthma? Contact our Asthma Assist line on 1800 ASTHMA (1800 278 462) and talk to one of our friendly Asthma Health Professionals.

National Asthma Week 1-7 September: Print only version (i.e. no links included)

The theme for National Asthma Week 2016 is Become a Better Breather. National Asthma Week coincides with the beginning of spring and as pollens are a known trigger for asthma, this is an excellent time to ensure your child’s asthma is well controlled. Sections of the Asthma Australia website that can help with asthma management include:

- Take the Asthma Control Test to see if you could make improvements to help your child become a better breather.
- Manage allergies often linked with asthma, including allergic rhinitis (hayfever).
- 90% of people with asthma use their medications incorrectly. Check your child’s technique to see if they are getting full benefit from their medication.

Asthma Management in Winter and Spring:

Asthma is one of the most common chronic childhood conditions, affecting 1 in every 10 children in Australia. Emergency admissions and hospitalisations peak during the winter for children with asthma and flare-ups are often more prevalent during the winter and spring. Good management however can help children with asthma and their carers get through this tricky time of year with more confidence.

Here are a few tips for parents and carers:

- make an annual appointment for an asthma review by your child’s doctor
- update your child’s Asthma Plan at the start of each year and provide a copy to the school
- talk to the teacher and other key staff about your child’s asthma - their usual triggers, symptoms and medication
- provide an in-date blue reliever puffer and spacer for use at school (clearly labelled with child’s name and date of birth)

- help your child understand the importance of taking their preventer medication every day, as prescribed
- ask their doctor about having a flu vaccination
- encourage hand washing and covering one’s mouth when coughing to help prevent the spread of germs

School sports and asthma:

Physical activity acts as a major trigger in up to 90% of people with asthma. Exercise Induced Bronchoconstriction (EIB), commonly known as exercise induced asthma, is the temporary narrowing of the lower airways, occurring after vigorous exercise. People with poorly controlled asthma are at a higher risk of EIB due to the sensitive nature of their airways. This may result in episodes of coughing, wheezing, a feeling of chest tightness/discomfort or shortness of breath, often worsening 5-10 minutes after exercise.

To ensure your child can safely participate in sports and exercise at school, the first step is to make sure their asthma is well controlled. If your child is requiring their reliever medication more than twice a week, it is a good idea to see their GP for a review as this may indicate poorly controlled asthma. Also provide the school with an Asthma Plan from the doctor, particularly before a sport carnival or excursion. The plan will include any instructions for EIB (e.g. use of their asthma reliever prior to physical activity). You can help them check that they are using their asthma devices correctly by watching our videos on the Asthma Australia website.

For support with your child’s asthma please contact your local Asthma Foundation on 1800 ASTHMA (1800 278 462) to speak with one of our Helpline staff.

Asthma app:

The new Asthma Australia asthma app brings together a raft of resources in one convenient place to help you ensure your child’s asthma is managed as well as possible. Sections include information on medications, device technique videos and Asthma First Aid in an emergency. The app is free at the iTunes store (Android coming soon).

For primary aged students:

Asthma Kids

Looking for a way to help your child understand more about their asthma or about a friend with asthma? Asthma Kids is an online, interactive tool to help primary school aged children understand what it’s like to have asthma and what they can do to help. Check it out at [www.asthmakids.org.au](http://www.asthmakids.org.au)

For secondary aged students:

Young people with asthma

Asthma Australia has established a Facebook page, Young People with Asthma - Australia, to provide the latest information and research for these young people and their supporters. We recently commenced posting profiles to share young people’s stories and experiences. Refer to the page for details if you have a child who might want to share their asthma story. We are also setting up a Q&A function where an Asthma Educator will respond to young people’s questions through the page.
Term 3 is here and with it comes an impressive list of extra-curricular activities! A big thank you once again to all the staff, parents and friends of our school community who have volunteered to run an activity. We are excited to present new opportunities for everyone to explore and discover what hidden passions or talents you might have! Here is a short description of each activity with a timetable below:

**Cheerleading**
The ever-so-talented EPS Cheer Team will be practising and training hard this term for our first competition in September with the AASCF (Australian All Star Cheerleading Federation). Wish us luck!

**Crack the Code (Coding)**
Interested in refining or learning how to use code to animate and create? Come down and join us at Crack the Code on a Tuesday!

**Computer Club**
Love technology? Come and play a series of fun and exciting ICT games in the lab! Discover and explore the wonderful world of computers.

**Drama Club**
Flashin lights? Screams of adoring fans? Mastery of your acting skills awaits you yet again! Back by popular demand, come and be a part of what’s sure to be an exciting, energetic and expressive group.

**Environment**
Stop and smell the roses! It’s time to be a true environmentalist. Learn about all green and growing things while keeping our school beautiful and clean!

**Gymnastics Club**
Want to learn new tricks? Or maybe you would like to challenge yourself and your flexibility. Come and try out the exciting activities in store for you here at Gymnastics Club!

**Hip Hop**
The Hip Hop team will be training hard this term for our first competition with AASCF (Australian All Star Cheerleading Federation). We are so excited to showcase the different techniques and grooves!

**Indoor Soccer**
Test your dribbling skills with a fun indoor soccer game amongst your year level. Master new skills and technique while learning to be a great team player!

**Lego iStop Motion**
Want to learn more about filming, directing and editing using the latest technology? Come and learn how to use figures and pictures to create phenomenal short movies!

**Mindfulness Meditation**
Come and experience calm and tranquillity while relaxing at this new extra-curricular activity! Participate in a range of activities that will help you become as cool as a cucumber in any situation!

**Netball**
Get ready to practise and master your ball handling skills with an experienced netball player! Whether you are looking for some extra practise sessions out on the court or would like to learn how to play netball, there is something for everyone!

**Percussion Perfection**
Can’t keep your hands still? Always tapping out a rhythm or bouncing to a beat? Learn to play percussion like a pro and realise your drumming dreams! Come and join us at percussion club.

**SRC**
The Student Representative Council meets once every fortnight to discuss events and activities for the whole school. We are currently preparing fun activities and fundraisers for this term.

Are you in business or thinking of starting your own? These courses might be just the thing for you! Learn locally from a qualified, professional trainer:

**Marketing Your Business With Social Media (NEW)**
- **Cost:** $150
- **(ACFE funded)**
- **(Amenities and materials fees $18.40. Membership as applicable)**

The world of social media can be daunting and complex. Learn how to attract new customers and engage with existing ones through social media. In this course we look at how you can enhance your business marketing by using Facebook, Twitter, Instagram, Pinterest, Google+ and other platforms. Design social media memes and promotions with Canva. We also look at boosting your Facebook audience reach. By the end of this course you will know which platforms are best for your business and how to use them to promote your business.

**Saturday, 12pm to 4pm      20 August to 17 September (5 x 4 hour sessions)**

**Creating Your Business Website With Wix (NEW)**
- **Cost:** $150
- **(ACFE funded)**
- **(Amenities and materials fees $18.40. Membership as applicable)**

Discover how to create a professional and great looking website with Wix. You will be learning how to use their templates to: Design your website, get subscribers, link your site to social media, add an online store, create a blog, add your site to Google, and much more.

**Saturday, 12pm to 4pm      8 October to 5 November (5 x 4 hour sessions)**

If you enrol in “Marketing Your Business With Social Media” AND “Creating Your Business Website With Wix” the cost will be $250 for both *(a discount of $50).*

Please call us on 9776 1386 to register your interest.

Understanding and Supporting Children with Anxiety

Teachers, Teacher Aides, Parents, Sports Coaches, Youth Workers, Scout Leaders, Health Workers and anyone else interested are invited to an evening with Jules Haddock

This is a Community Event - Everyone welcome!

Thursday August 11th, 2016
The Bentsleigh Club
33 Yarabah St, Bentsleigh
FREE onsite car park / Bariro open before event

Entry $20

Covering Primary and Secondary School-Aged Children

Anxiety is something we all experience and is in fact a natural survival response. But anxiety can start to impact our children in an unhealthy way, negatively affecting their journey into life. School pressure, family pressure, social pressure and toxic thoughts, can all see anxiety spiral out of control.

By recognising the signs and symptoms of anxiety, we can provide support in assisting our children to build on their resilience and internal coping mechanisms.

In two hours, Jules Haddock, Mental Health First Aid Instructor and REACH facilitator, will share her support strategies with you when dealing with anxious children.

Session outline:
- Understand anxiety as a normal response to life events
- When to worry about anxiety
- Learning how to recognise anxiety signs and symptoms
- As it takes hold upon a child's thoughts, emotions and in turn behaviour.
- Learning how to support a child to manage their anxiety

About the Presenter

Jules Haddock has worked in the non-profit community sector for approximately 15 years, prior to accreditated training in the last 12 years.

Jules enjoys sharing a creative delivery with her participants, and has a sound reputation as a vibrant and humorous presenter. She is passionate for the acknowledgment of mental health awareness and de-stigmatising mental illness. She sees the answers lying in education of all.

As a REACH facilitator Mental Health First Aid instructor, Jules also hosts education talks for community groups, corporate businesses, children, and primary and secondary schools.

Jules has and continues to present at a number of national conferences on anxiety and recovery.

About Andrew Fuller

As a clinical psychologist, Andrew Fuller works with many organisations, schools and communities in Australia and internationally, specialising in the wellbeing of people, teams and families. He is Director of Resilient Youth Australia that works with 600 communities and 91,000 young people. He is also Fellow at the University of Melbourne.

Andrew has been the scientific consultant for the ABC on a 5 episode series called Whatever: The Science of the Teenage Brain. He has also been a principal consultant to the national drug prevention strategy REDE, the ABC on children's television shows, is an Ambassador for Mind Matters and is a member of the National Coalition Against Bullying. He is the author of Tricky Kids which was published in 1996 and has sold over 140,000 copies in English and 10 other languages. He has also co-authored a series of programs for the promotion of resilience and emotional Intelligence used in over 3500 schools in Britain and Australia called The Heart Masters.

Andrew has established programs for the promotion of mental health in schools, substance abuse prevention, and the reduction of violence, bullying and suicide prevention programs and for assisting homeless young people. Andrew continues to counsel young people.

Topics to be included:
- How to engage young people and steer them toward success
- Effective and efficient parenting and teaching strategies
- Creating a calm, learning classroom
- Time savers, time management and nifty tricks
- Tricky kids and tricky teens and how to teach and parent them
- Computer use and parenting
- How to reduce sibling rivalry
- Angry kids and how to understand them
- How to communicate effectively
- Giving effective feedback

Testimonials

Andrew Fuller was very inspirational and entertaining! Thanks!!
Professional Teachers Council NSW.

Thank you so much. I think I understand some of the members of my family as well as some of my students a bit better now.

Glenell, Assistant Principal

Stevie Yr 12 SRC President

We are still hearing rave reviews of the evening and your presentation... I feel so delighted that the word is spreading and parents are saying how intrigued they felt and telling their friends and relatives about it! Thanks again.
