

WELCOME TO WEEK 8 OF TERM 2!

We have now reached our final week of remote learning. We are incredibly grateful for the effort from both parents and students over the past 7 weeks of Term 2. We realise this hasn't been an easy journey for many families and we could not have been as successful as we have been without your ongoing support. In preparation for our return to school, the Year 4 teachers will not be contactable on Seesaw on Friday. This day will be a chance for students to log on to Seesaw for the last time and complete some reflective tasks. There will also be a **SURVEY** link on Seesaw that we would like **all students** to complete.

Contacting your teacher via Seesaw:

Year 4 classroom teachers will be available via Seesaw every day to answer any questions your child may have about their learning tasks. Students are encouraged to check-in and ask questions as often as they need to. Below you will find the times your child's classroom teacher will be available via Seesaw this week.

Morning Messages:

A morning message will be posted to your child's Seesaw class each morning at 9am. These messages will vary in length and format, and occasionally require your child to respond in some way. These messages will also include any important information your child may need to know (including birthday shout outs!) so it is important your child logs in and views these every day. These will now also include details of daily Webex meetings.

An overview of Week 8's learning:

See below for some of the topics/activities to be covered this week:

Reading	Students will be focussing on comprehension this week.
Writing	We will continue exploring information reports this week. Students will learn to write an informative paragraph and use a fact file to write an information report.
Spelling	This week our focus will be on the digraph 'wr' as in wrist.
Maths	Students will be completing some money problems involving purchases and calculating change.

	Our number and algebra focus is still on subtraction and students will continue to further their knowledge and skills in this area.
Wellbeing	Students will continue to engage in lessons from the 'Respectful rights and relationships' program and 'The Resilience Project'.
PBIL	Students will get the opportunity to dive a little deeper into the countries of their choosing from Africa and South America.

If you would like more detail about the learning tasks, they can be seen on your child's SeeSaw account.

Submitting daily learning tasks:

Daily tasks and activities are to be **submitted by 8pm** on the day they were received. If for some reason this is not possible, your child should make contact with their classroom teacher. We are here to support you and understand that not everything will be completed, but please communicate this with us.

Specialist classes:

As our Specialist teachers are back working on-site with our F- 2 students, there will be no specialist tasks set this week or next. We very much encourage our students to keep being physically active, expressing themselves through visual arts and practising their French language skills. If you would like some ideas to keep practising the skills learned in the specialist subjects please let us know and we will reach out to our specialist teachers to arrange this.
