

Dear Parents and Carers,

The Foundation teachers would once again like to begin by congratulating our little learners for yet another fabulous week. We have been so impressed with the attendance and keen interaction displayed by the students each day. We had many ‘magic moments’ last week, from wonderfully creative 4 Box Writing examples, beautiful examples of handwriting, CVC word recognition, Manga High medal tallies and picture graph analysis. It is such a delight to be able to see the ‘faces of success’ sitting on the other side of the computer. The Foundation teachers couldn’t be prouder of the continued resilience displayed from our students.

Progress Reports

As you are aware the student’s progress reports were online today. We would like to take the opportunity to thank you for your support in assisting us with spelling tests, dictation, addition and place value tests. Your help with this has been invaluable and we have really appreciated the independence you have helped foster in our students.

Assessments

On Tuesday and Thursday next week your child will be assigned a Reading assessment and Numeracy assessment respectively. These tasks will be liked, commented and approved the following Monday during our assessment day. There will be more information to follow about this day. We can’t wait to celebrate your child’s progress and achievements.

PBIL News

We would like to extend our thanks to Patrick Hughes for sharing the work he does with the Edithvale CFA. The students were very excited to see some of the equipment he has to wear and we were impressed with the level of questioning by some of the students. Just a gentle reminder that If you would like to share the details of your job with your child’s grade, please don’t hesitate to have a chat with your child’s teacher. You will be more than welcome to join in on a morning Webex meeting to share your knowledge with us.

*The tasks in **bold** are the explicit learning focus lessons for the Webex meeting that day.

GEM TV, a fantastic broadcast by The Resilience Project, has finished its first season. You can access still access all of the episode from seasons one at: [Season 1 - Home Page — TRP@HOME](#). Season two will start on September 7th.

Specialist classes:

PE: Students will practice and develop their kicking and trapping skills in this week’s activity.

Learning Intention: I will learn how to trap a ball that has been kicked to me.

Success Criteria: I can trap a ball and kick it back to a partner

Art: Moon Kangaroo. Adventure drawing

Learning Intention: I am learning to use my imagination to draw a colourful scene

Success Criteria: I can explore my imagination to create a drawing of myself on an amazing adventure.

French: LES FRUITS (PART 2)

Learning Intention: I can look at the French fruits and repeat their names.

Success Criteria: I can memorize some of the French fruits.

Please reach out via email or Seesaw to your child’s teacher if you have any further questions. We look forward to seeing all students in our next WebEx meeting on Monday August 31st at 9:15am.

Kind Regards,

Jess McGeachin, Sienna von Menge, Bec Laver and Rachael Clements
