

Ref No.66/20

1 February 2021

Dear Resident or Business Owner

Works alert - Closure of Station Street, Edithvale

The Victorian Government is removing 18 dangerous level crossings and building 12 new stations as part of a \$3 billion upgrade on the Frankston line that will improve safety, reduce congestion and run more trains, more often.

Works are continuing on the Edithvale, Chelsea and Bonbeach level crossing removal project with strict health and safety protocols in place.

The health and safety of our workers and the community will remain our key priority as we undertake works on the Edithvale, Chelsea and Bonbeach level crossing removal project.

We will continue to follow the directions of the Department of Health and Human Services (DHHS) as we safely complete works on this project.

Works taking place

To prepare for level crossing removal works in Edithvale, Chelsea and Bonbeach, utility services such as electricity, water, gas and telecommunications are being upgraded and relocated along Station Street and Nepean Highway and surrounding side streets.

As part of these works, we're upgrading the drainage system and underground pipes along Station Street in Edithvale.

From **7am Monday 8 February to 6pm Wednesday 31 March 2021**, Station Street will be closed to traffic between Edithvale Road and Fraser Avenue to enable these works. Detours will be in place via Berry and Munro streets.

To minimise disruptions to driveway access for residents the works will be undertaken in stages:

7am Monday 8 February 2021 to 6pm Friday 19 February 2021 (subject to change)

- There will be no access to driveways between Edithvale Road and Fraser Avenue during this time.
- **See map overleaf**

6pm Friday 19 February 2021 to 6pm Wednesday 31 March 2021 (subject to change)

- Worksite established in small (approx. 50m) sections between Fraser Avenue and Edithvale Road (moving south to north)
- Traffic management will facilitate local traffic access to the properties on Station Street for those not directly impacted by the drainage works.
- We will be in contact with residents directly as to advise when their access will be restricted
- **See map overleaf**

Please contact our project team on 1800 105 105 for any questions about driveway access as part of these works.

Traffic changes

- Station Street will be closed to vehicles between Edithvale Road and Fraser Avenue.
- Barriers will be in place with traffic management facilitating where possible access to local properties.
- Vehicle detours will be in place via Edithvale Road, Munro Avenue and Berry Street.
- Pedestrian access will be maintained.

What to expect

- Excavation and backfilling trenches.
- Workers, vehicles and equipment will be onsite.
- Moderate noise from machinery such as excavators.
- Local detours and traffic management to help you move safely through the area.
- Traffic management will be in place 24/7 to facilitate local access.
