

Edi Freeze and Pyjama day for MND

As part of our role as student leaders we are selecting courses that we would like to raise awareness and funds for.

This term we have chosen MND. On Friday 18th of June we are running an event called the Edi Big Freeze where we are asking our teachers get cold for this great course similar to the big freeze at the G. This will be filmed for parents to watch.

Our students get to wear pyjamas to school for the day and stay nice and warm. We are asking that students bring a gold coin to help raise funds to support fight MND.

MND is a Motor Neurone Disease is the name given to a group of diseases in which the nerve cells (neurones) controlling the muscles that enable us to move around, speak, swallow and breathe fail to work normally and is a course that is close to our hearts

We can't wait to see you in your Pyjamas
